

# SÖRBO MONSTER POLE II

## 40' MICROFIT

The Sörbo 40' Monster Pole II, Micro Fit pole is manufactured in 7 sections . Each of the top 5 sections are assembled with one bolts & wing nuts to prevent the sections from turning. Sections 6 & 7 are telescopic and are equipped with heavy cast aluminum Twist-lock. Weighs only 12 Lbs.

**NOTE - Each connection joint is Micro Fitted. Be careful not to damage rim of pole ends. Once you put them together they are tight fitted making the 40' Monster II pole the most rigid on the market.**

**Section 1 - 1 1/8" O.D. with Jam-Proof Tip**

Fits most squeegee/washer handles

**Section 2 - 1 1/4" O.D. Straight tubing**

**Section 3 - 1 3/8" O.D. Straight tubing**

**Section 4 - 1 1/2" O.D. Extended tubing**

Can be added onto

**Section 5 - 1 1/2" O.D. Extended Tubing**

**Section 6 - 1 1/2" O.D. with Aluminum Twist Lock**

**Section 7 - 1 3/8" O.D. Straight tubing**

**WARNING!**

Keep pole away from electrical power lines. Sörbo Products Company cannot be held liable for injuries and/or property damage arising from improper use of its products.

**SÖRBO MONSTER POLE II**  
**MICROFIT**  
Item 3389

The new Sörbo 40 foot Monster II Micro Fit pole is manufactured in 7 sections. The top 5 sections are assembled with one carriage bolt and wing nut at each section, to prevent the sections from turning. The two lower sections are telescopic and are equipped with heavy cast aluminum twist-lock, custom designed by Sörbo. It weighs only 12 Lbs.

NOTE - Each connection joint is Micro Fitted. Be careful not to damage the rim of the pole ends. Once you put them together, they are tight fitted, making the 40ft Monster II pole the most rigid pole, less flexibility than others on the market.

*Did you know?* With the SÖRBO 3x4 Adjustable Squeegee, Sörbo invented in 1989, the first 40 foot Sörbo Monster pole on the market for the Window Cleaning professional. It's new design was not like the traditional style Christmas tree shape. It's the first of its kind – the newly shaped pole- thin at the top and bottom with three 6 foot 1-1/2 inch sections in the middle. Truly a brand new revolutionary design by Sörbo! It made the Monster Pole the most popular rigid extension pole on the market. IT'S BACK!

**TIPS-n-TRICKS:**

Assembling sections 1-2-3 and 6 will give you a 17 to 22 foot pole.

For high pole work, you can couple it with the Sörbo Twin Ledge Angle, #2095 or the Ledger™, #8009. For the deep ledges, work on your 22' to 40' Monster Pole II -MicroFit, item# 3389, making it the quickest Squeegee & Washer system – available ALL-IN-ONE!

>>FLASH BACK >> In 1989, J. Racenstein Co. were the first to distribute the 40-ft pole, and Bob Ertel with Marty Racenstein were so amazed to see such an enormous long pole, they stated "It's a Monster pole!" There's where the name Sörbo Monster Pole was born.

**WARNING!** Keep Pole away from electrical power lines.
